Orion Star™ T930 or T940 All-In-One Titrator or kit

Thermo Scientific™ Orion Star™ T930 and T940 titrators are designed to increase your laboratory productivity by automating titrations. Our core electrochemistry technology is integrated with a state-of-the-art reagent dispensing system to create modern, simplified automated titrators designed to make performing titrations easier, more reliable, and more reproducible than manual titrations.

- Enables accurate, reproducible results: automating the titration workflow enables analysis to be run using the same setup parameters and calculations every time
- Faster setup time: setup and save electrode, titrant and titration parameters
- Improved lab throughput: start the titration and let the instrument run unattended

- Helps reduce cost and downtime: easily replace titrator parts to minimize maintenance downtime while long lasting electrodes reduce the cost of ownership
- Securely document test results: view results live, in the summary table and within the 100-point data log
- Applications database: tested and validated preprogrammed methods can be loaded onto your titrator
- Pair the titrator option with any of our premium Thermo Scientific™ Orion™ Ion Selective Electrodes or select one of our preconfigured titrator and electrode kits for a bundled discount

Item Number:	Description:	List:	Promo Price:
START9300	Orion Star™ T930 Ion Titrator	\$4106.00	\$3490.10
START9301	Orion Star™ T930 Ion Titrator Chlorine Kit	\$5218.40	\$3616.75
START9400	Orion Star™ T940 All-In-One Titrator	\$5861.04	\$4062.15
START9401	Orion Star™ T940 Titrator w/ ROSS Electrode Kit	\$6233.87	\$4320.55
START9402	Orion Star™ T940 Titrator w/ Sure-Flow Kit	\$6270.66	\$4346.05
