

# Insta-TEST<sup>®</sup> Test Strips & Test Papers

Water Testing Leader Since 1919!

We guarantee that your customers will love the convenience and reliability of Insta-TEST® strips in PopTop vials. The patented vial has a molded desiccant liner that protects the strips from moisture intrusion and eliminates loose desiccant bags. Greater moisture protection and fast, reliable results make the Insta-TEST® strips an unbeatable test system!

## Test Strips

Individual pads on a polystyrene strip. These are packaged in the PopTop vial which is molded with a desiccant liner for protection from moisture. The QAC strips are specifically formulated to read all types of QAC.

## Test Papers

The chlorine and iodine are chemically treated paper strips. These are packaged with a color chart in a waterproof plastic vial. The 2951 and 2951HR are test strips. They are also packaged with a color chart in a waterproof plastic vial.
